CALENDAR

WEEK 3, TERM 2
Tuesday 10th May
Year 8 English Assessment Task

Tuesday 10th – Thursday 12th May
NAPLAN (Year 7)

WEEK 4, TERM 2
Monday 16th May
Year 8 Science Assessment Task
Year 8 CPP Assessment (8S & 8A)
Debating Competition

Tuesday 17th May
Year 8 Mathematics Assessment Task
Year 7 English Assessment Task
ICAS Digital Technology Paper
Year 8 PDHPE Assessment (8R)

Wednesday 18th May
Year 7 Music Assessment Task
Year 7 English Assessment (7A)
Year 8 PDHPE Assessment

Thursday 19th May
Year7 Mathematics Assessment Task
Year 8 CPP Assessment
Year 8 PDHPE Assessment (8T)

Friday 20th May
Athletics Carnival

MESSAGE FROM THE PRINCIPAL

Ms Kathy Melky

Welcome back to Term 2 at Cammeraygal High School! We have begun a busy term with a range of academic sporting and cultural activities that will engage our students in their learning and interests. Many of our early events will be highlighted throughout this newsletter.

Student Leadership Groups

As I mentioned last term, we are now in the cycle of choosing our student leadership groups over the next week. The Sports Council, Social Justice and Environment Committees have been submitting their Expressions of Interest, whilst we await the election results of the Student Representative Council. Together, this will form our 2016-2017 leadership group, who will then go off to their leadership camp in week 5 this term. The intention of the camp is to facilitate the groups' development of leadership skills and action plans, which will be presented back at school. I wish all students the best in their endeavours in this area.

Year 7 NAPLAN

Year 7 will be completing their NAPLAN testing next week between May 10 and 12. BOSTES explains the NAPLAN testing as:

> *An opportunity for students to demonstrate what they have learned in class.*
> *For students in Years 7 and 9, there are five tests including two tests in numeracy – a calculator allowed test and a non-calculator test.*
> *The NAPLAN test results and the student reports are released in August.*
> *The results provide information about student achievement that can be used to inform teaching and learning programs. NAPLAN tests provide point-in-time information regarding student progress in literacy and numeracy and are intended to complement the wide range of formal and informal assessments that are already conducted in schools. NAPLAN test results are not intended to be used in isolation from other school-based assessment programs.*
> *The Australian Curriculum, Assessment and Reporting Authority (ACARA) has responsibility for the central management of the NAPLAN. The Board of Studies, Teaching and Educational Standards (BOSTES) is the NSW Test Administration Authority (TAA) and is responsible for the administration of the NAPLAN tests in all NSW schools.*
> *Specific information, including details about the tests, student participation, disability adjustments and reporting can be found on the NAPLAN website and in the weekly Board Bulletin.*

We have reassured our Year 7 students that this is only one snapshot of their learning and should not be seen to define their progress in year 7. All learning experiences should be seen holistically and NAPLAN is only one facet of their assessment in year 7.

Learning Coach Meetings with Years 7&8

A panel of teachers have conducted individual learning coach meetings with all students in Years 8. We will commence our learning coach interviews with Year 7 next week. Students will have completed a reflective survey and will attempt to write three learning goals that are SMART for this year at Cammeraygal. We have explained these meetings to the students at assembly, and it has been an excellent opportunity for the panel to connect with our students on their learning goals here at CHS.

This is an ongoing and very significant initiative that we hope to continue later this year with both year groups. Year 8 will have their second interviews before their Semester 1 Reports and before their Year 9 subject selection. Year 7 have their second interview before their Semester 1 Report and then later in Term 4 to prepare for their transition into Year 8.

Cammeraygal Representatives for the North Sydney Anzac Day Commemorations

I would like to thank Molly R. and James R., in Years 8 and 7, for proudly representing Cammeraygal High School at the Anzac Day commemorations at the North Sydney War Memorial in Ridge St, North Sydney on the 25th April. Molly and James wore our uniform proudly and presented a wreath on behalf of our school community. It was important to see Cammeraygal represented at the local commemorations and thanks to Jenny Riseborough for organising for Molly and James to attend at late notice. They represented us with the true Cammeraygal spirit even preparing the wreath especially for the occasion!

Student Speakers on Assembly

Last week, we had three students speak at assembly about their goals and aspirations at Cammeraygal HS this year. Nikki T, Katie R and Lukas R. spoke about their goals and provided great insights into their learning journey. Please see Lukas' speech below.

> *"If you want to live a happy life, tie it to a goal. Not to people or things." That is what the famous scientist Albert Einstein said.*
>
> *What are your dreams? What are your goals? If you want to reach your goals, you have to push to your limits and achieve your dreams. One of my personal goals is to get better at swimming. In Year 6 in Neutral Bay I made it to zone for swimming for the first time. This year with the under 13 boys relay team we made it to area.*
>
> *I was so proud to represent Cammeraygal and had great support at the school carnival as well as zone and area championships. One of my life goals was to swim in a competition at the Aquatic Centre at Sydney Olympic Park, which has now been fulfilled.*
>
> *If I want to reach my full potential I have to put clear and precise goals to get to area or even State championships with my friends from the relay team next year. To reach this goal I am training at a squad three times a week, to improve my personal best. If I have little goals I will be able to achieve much bigger goals.*
>
> *My first goal for this year was to settle into High School and as you can imagine on the first day of school I was nervous. I was especially worried about the teachers, making new friends and seeing what High School was really about. Even with the few people I knew from Neutral Bay and from my soccer team I have settled in well.*

Some of you will be thinking "well, how do you achieve these goals?" or "what is the use of making goals?" I believe one rule applies to most things in life: you get what you put in! If you are prepared to put in the work, time, and effort, you will be one step closer to your dream and soon enough will accomplish your goal.

Nothing in life comes easily, including grades and personal bests. If you want to succeed you have to work; it's that simple. For my subjects I will have to study a lot. For swimming and soccer I will have to train a lot. I will put in the time, work and whatever else is necessary for me to achieve these goals.

Last year we used Lego robotics kits and made robots, but unfortunately we did not make it to a competition. So maybe this year or next year we could organise a programming or robotics club with Dr Mirto or any other interested teachers.

One of our school's goals could be to try to get into the Guinness Book of World Records for the heaviest school bags!

My goal is to actively take part in shaping Cammeraygal High School and I have every opportunity to do that as the school is still being moulded by all of us here. So all of us have the opportunity to achieve our goals and make this the best school possible.

- *Lukas R, Year 7*

Wish List: Thanks to Parents

Huge thanks must go out to parents who have now donated close to $6,000 in the P&C initiated wish list for 2016! The school is so pleased to have these items that will make a huge difference to the student experiences here at Cammeraygal. It is yet again another indication to the commitment and energy of our P&C and of our whole school community and we appreciate the community's commitment to the success of the school.

Student Achievements

Congratulations to Jade F in Year 8 who has participated in the Australian Girls National Choir and showcased the huge range of talents here at Cammeraygal! Jade also made an appearance on the Sunrise Program during the holidays and also proudly represents the CHS vocal ensemble. Well done Jade!

Looking forward to a positive and productive term for all Cammeraygalites!

Ms Kathy Melky
Principal

DEPUTY PRINCIPAL'S REPORT

STUDY SKILLS: STARTING ASSIGNMENTS STRAIGHT AWAY

Ever leave your assignments until the last minute? Well here are 5 reasons to start work on your assignments immediately:

- **Get Your Brain Thinking About the Topic:** At the very least, read through the requirements of the assignment on the day you get your assignment. Even if you are not thinking about it directly, your subconscious will be hard at work.

- **Find Library Resources:** Although the library may not be your main source of reference, you should drop in soon after receiving the assignment. Reference books, resources and magazines will disappear quickly. It is not a good idea to only use Google.

- **Discover Other Resources:** You could also ask your local librarian for any additional direction on where to look for resource material for your assignment. Librarians know how to help people access relevant information, in books, journals and in computer based references.

- **Starting Early Means More Time to Explore and Ask For Help:** Your initial research might be on assignment points you've identified through the library, references your teacher may have given you, school textbooks, and/or general internet search engines. If you start this early, you could discover that you don't actually understand important concepts and that perhaps you need to speak to your teacher to get further clarity.

- **Create a Safety Net:** Starting your assignment immediately will give you a safety net in case you get sick, or something unexpected happens. You should always have a schedule that allows for the unexpected.

You can learn more about being more effective with assessments in the ASSIGNMENT SKLILS unit of www.studyskillshandbook.com.au by logging in with these details:

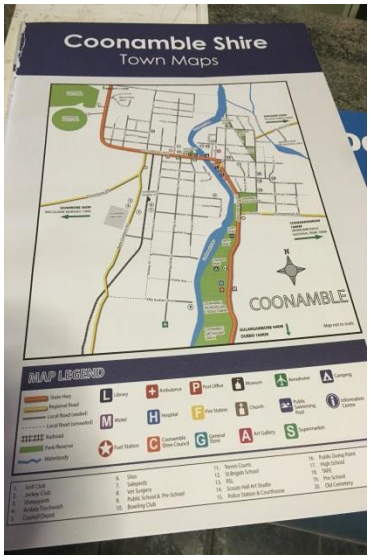
Teachers' Reports

CONNECTING COUNTRY: CHS[2]

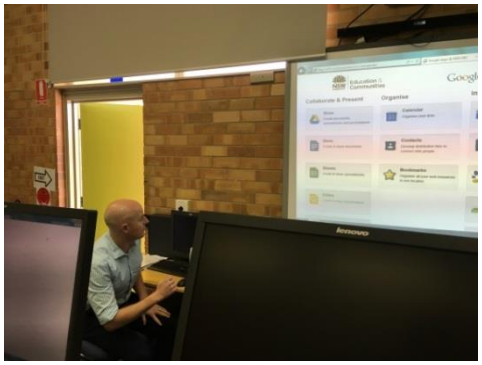
On the 4th of April, Mr Barraclough, Ms Nolan, Mr Madgwick and Ms Hakimi had the privilege to travel to Coonamble High School. Coonamble is a remote town approximately two hours north of Dubbo. The purpose of this trip was to connect our two schools and embrace our shared commonalities, interests and goals. Despite having quite different contexts, both Coonamble and Cammeraygal believe that distance and difference should not be a barrier to intercultural understanding, learning and, of course, friendships.



We arrived early at Sydney Airport to board our 6.45am plane to Dubbo Airport. When we got to Dubbo, Adam Bachelor, Deputy Principal of Coonamble High School, was there to greet us. Mr Bachelor is part of the Coonamble/Cammeraygal team and is excited to work alongside us to develop engaging, challenging and meaningful learning opportunities for our students. We drove up to Coonamble and arrived around 10.30am where we first met the Principal, Ms Margaret Mulcahy. Ms Mulcahy is hoping this partnership with Cammeraygal will foster friendships and provide students with opportunities that remote communities may not necessarily be able to provide.

We were given a tour of the town by Mr Bachelor which was incredibly insightful and provided us with some understanding behind the history and context of the town and school. The quick tour of the school's farm was quite an experience. A small group of students were there and took time to explain the serious business of raising cattle and preparing them for exhibition and competition. Students work on the farm as part of an agricultural study elective and were rightly proud of their success in Royal Cattle Shows across NSW.

We were then shown around Coonamble High School and were impressed with their student-designed-and-built gym and amazing hospitality kitchens. Morning tea and lunch was kindly provided by Coonamble High School. That afternoon, we had more dedicated and enthusiastic teachers join us for a shared professional learning session. Mr Barraclough represented us well with an informative session on Google Apps for Education.



The next day we drove back to Coonamble High School and met with the team to brainstorm ideas on how to sustain an enduring and significant partnership between the two schools. We aim to have students from both schools involved and develop student-driven initiatives. Some suggestions have been brought up based on the shared interests of our students, such as, a joint Dance ensemble or Band Camp. We know that the staff and students at Cammeraygal are enthusiastic about the partnership between our two schools and are excited to see what the near future brings!

Ms Sadaf Hakimi
HSIE/English Faculty

English Faculty Update

Students have been working diligently in English and are consolidating their understanding of Detective Genre in Year 8 and The News in Year 7. We move into our assessment periods for these units in the next two weeks so a reminder to please check Sentral for notifications in case the 'Gold' sheet goes missing.

It is fabulous to see so many of our students reading so well in D.E.A.R. If you are looking for an opportunity to extend wide reading at home and at school, The Premier's Reading Challenge is in full swing. Mrs Perry has a fabulous collection of books available in the library, which she has organised into categories and identified as PRC. It is a fantastic chance for students to read a wide range of books and develop vocabulary and comprehension skills and I encourage all students to get involved.

Last term, The Mosman Daily visited our school and were very impressed with the wonderful welcoming feel of the library. To read their article, please see here: http://www.dailytelegraph.com.au/newslocal/north-shore/year-7-and-8-students-at-cammeraygal-high-school-join-in-the-premiers-reading-challenge/news-story/10fed0215b6d4b62d544d97bae115d50

We have several competitions available for interested students at the moment. North Sydney Library is running a free choice writing competition, The Nan Manefield Young Writer's Award. Students may submit 750 words as either a poem or short story. One entry per person; please see Miss Payne for details. Entries close on the 12th of May. Also, a reminder that the Dorothea Mackellar competition is open for submission. This year's theme is 'Waiting.' It would be great to have as many Year 7 and 8s enter this competition as possible.

NAPLAN will take place at school next week. NAPLAN will focus on areas of reading, writing and language conventions. To access support materials please see http://www.nap.edu.au/naplan/the-tests.html. The tests will be held in the hall so please ensure students have a pen for the writing task and a pencil for language conventions and reading. Students should also bring a water bottle with them.

I wish all students the best of luck for completing their tasks in the next few weeks.

Ms Jacqueline Payne
HT English/CAPA

Maths and Science Faculty Update

Students and teachers have returned refreshed after the break and have eagerly commenced work on new units. In Mathematics, Year 7 students begin fractions while Year 8 students tackle equations. In Science, study of the human body is taking the interest of Year 8 students and the chemistry of cooking is being undertaken by the Year 7s, just as MasterChef returns to the screen.

There is an entry form and information on Page 14 of the newsletter regarding the Australian Mathematics Competition (AMC) with entries closing **Tuesday 10th May** for interested students.

NAPLAN: Numeracy

As with literacy, NAPLAN numeracy is not a test of content. Instead, it tests skills in numeracy that are developed over time through the school curriculum. Excessive test preparation using previous tests is not useful.

ACARA provides example tests so that teachers and students can get a sense of the 'look and feel' of the tests and to understand what types of questions are asked. NAPLAN tests are not tests students can 'prepare' for.

All students in Year 7 will receive a hard copy of the example tests provided by ACARA and there will also be an e-copy placed on the portal for students and parents. Students are expected to complete these at home. The example tests can also be located at:

http://www.nap.edu.au/verve/_resources/Example_Test_Numeracy_Y7_calc.pdf

http://www.nap.edu.au/verve/_resources/Example_Test_Numeracy_Y7_non_calc.pdf

Answers are found at:

http://www.nap.edu.au/verve/_resources/Example_Test_Answer_Numeracy_Y7_Calc.pdf

http://www.nap.edu.au/verve/_resources/Example_Test_Answer_Numeracy_Y7_Non_Calc.pdf

In Year 7, students sit two numeracy tests; one which does not allow the use of a calculator and one in which a calculator is permitted. **Hence, it is essential that all students place their calculator in their school bag from now on and bring it to school every day (as it is needed periodically during Mathematics classes) and this will ensure that they have it for the NAPLAN test.**

For more information, please refer to
http://www.nap.edu.au/naplan/numeracy/numeracy.html

Mrs Stephanie Wagner
Head Teacher Mathematics and Science

Library Update

At recess and lunchtime, students have been keen to complete jigsaw puzzles linked to the learning.

Students have also been practicing for the NSW Junior Chess League which will be played every Friday in Term 2. Cammeraygal has two teams of 4 students entered in the Junior Division, and we will be playing other school on a home-and-away basis. Other students not participating in the competition are welcome to play at lunchtimes in the library. Many thanks must go to the Cammeraygal P&C who have kindly donated eight competition chess sets and two timing clocks which we needed in order to compete. Strudents who would like to be involved can contact Dr Mirto or Mrs Perry.

From the Administration Office

Statement of Accounts were posted home last week to families with outstanding fees. Settlement of these accounts would be appreciated by 20th May 2016.

Payment of your accounts supports Cammeraygal High School in providing your child with a better education with the purchase of the latest textbooks, photocopying of students educational materials, educational activities, and other school essentials.

If you prefer to pay your account via a payment plan or require assistance with payments please call Belinda on 9954 7100.

Mrs Belinda Hayes
School Administration Manger

Extra-Curricular Activities

IQ^2 Debate

On the 3rd of May when the clock struck 6:30pm, 12 students and 2 amazing teachers, Ms Nolan and Mr Madgwick, from Cammeraygal High School were in the Recital Hall waiting patiently for the debate to begin. The Host came on stage and announced "Today's Debate is: Should Animal Rights Trump Human Interests."

For
The people for the act were:
Paul de Gelder – shark attack survivor who worked as a Navy Clearance Diver.
Ruth Hatten – Animal Lawyer and Animal Nutritionist.
Philip Wollen OAM - Merchant banker turned philanthropist.

Against
The people against the act were:
James Bourne - Medical Researcher and Group Leader at Monash University's Australian Regenerative Medicine Institute
Leslie Cannold - Ethicist, Researcher, Writer and former Vegetarian
Catherine Marriott - Beef industry expert and often called an ag-vocate.

After all the speeches were put forward the public got to comment or ask a question. Confidently, Hannah from Year 7 put forward her ideas and statements to everyone. There were some amazing arguments and it was entertaining to watch. We also got to have a chat with the panellists. The end result was: 37% for, 53% against, and 10% undecided.

The debate will screen on the ABC in a few weeks. We highly recommend that you watch it, and go to the next debates.

Lukas R and Lauren J
Year 7

Computational and Algorithmic Thinking (CAT) Competition Results

The results for the Computational and Algorithmic Thinking (CAT) Competition have arrived. Unlike ICAS papers which are sat by discrete Year levels (for example Year 7 paper, Year 8 paper etc), the CAT competition has divisions which combine Year groups. At Cammeraygal High School, students participated in the Junior division which consists of Year 7 **and** Year 8 students. Congratulations to all students who participated in this challenging and prestigious paper. The students' efforts and achievements are commendable and certificates were issued at assembly for those who received a Credit, Distinction or High Distinction. All students will receive an individual student report and Participation certificates will be issued in class.

Year 7

Award for excellence – Perfect Score (Certificate of High Distinction) was issued to Hannah C and Rick Y whose outstanding results placed them in the top 2% of all students in Year 7 who sat the CAT paper nationally.

Certificate of Credit was issued to: Jeewon P, Lukas R, Kairui W, Aidan W

Year 8

Award for Excellence – Perfect Score (Certificate of High Distinction) was issued to Finn C whose outstanding result placed him in the top 3% of all students in Year 8 who sat the CAT paper nationally.

Certificate of Distinction was issued to: Tian W and Christiana V

Certificate of Credit was issued to: Haoyi H, Daisy H, Katerina R and Charles W

Upcoming Competitions:

The ICAS Digital Technologies paper will be sat on Tuesday 17th May.

The ICAS Science paper will be sat on Tuesday 31st May.

The ICAS English paper will be sat on Tuesday 3rd August.

The Australian Maths Competition will be sat on Thursday 28th July.

The ICAS Mathematics paper will be sat on Friday 12th August.

Mrs Stephanie Wagner
HT Mathematics/Science
CAT, ICAS and AMC coordinator

Art Club: Yarn Bombing

At the end of last term, the Art Club worked up a storm decorating the tree fern at the front of the school with a red and white installation, in recognition of Close the Gap Day. This began our year-long exploration of transient versus permanent art. Keep your eyes peeled for our next on-site installation!

Ms Jessika Steiner
CAPA Faculty

Extra-Curricular Opportunity: Australian Mathematics Competition

The Australian Mathematics Competition (AMC) sponsored by the Commonwealth Bank has been held annually since 1978. Your child is invited to enter this internationally recognised competition on 28th July 2016.

The competition has an emphasis on problem solving, a valuable life skill, and the questions are designed to be fun for the student. The Junior section (Years 7 and 8) of the AMC consists of 30 questions and the time allowed is 75 minutes.

Although it is aimed at the average student, the AMC also identifies gifted students. A prestigious Australian Mathematics Competition medal is awarded to students with an outstanding result, both within a region and overall in the competition. All prize winners in 2016 will be given free entry to the 2016 Australian Intermediate Mathematical Olympiad (AIMO), which is the first screening competition for the prestigious Australian Mathematical Olympiad Invitational Program. It is worth noting that Australia's leading mathematicians aged under 40 were discovered and developed at least partly as a result of taking part in the AMC.

Students wanting to participate in AMC must firstly pay $8.00 (which covers the entry fee and the on-line GetSet preparatory course) to the front office (or pay on line) and then take their permission slip to the front office for it to be stamped 'paid' before handing in the permission slip to Mrs Wagner in the level 2 staffroom in C block. Any students wishing to participate in the AMC must have paid and returned the permission slip by **Tuesday 10th May.**

Please return this page if participating in AMC 2016 before Tuesday 10th May.

Cammeraygal High School AMC 2016

I hereby consent to my child/ward _____
of Homeroom _____ to sit the AMC (Australian Mathematics Competition) 2016 on Thursday 28th July.

Special needs of the student of which the organizers should be aware (for example A3 copies required).....

I have enclosed $8.00 for the competition and the GetSet AMC online problem solving material.

Wish List Update

We now have almost $6,000 worth of items donated, from swimming caps to chess sets to science gadgets. Thank you once again to the many families who have sponsored items from the Cammeraygal "wish list", and in particular to the families of Richelle A, Jeremy C, Tyler N, Lukas R and Tian W for contributions since the last newsletter was published.

There are still a few items outstanding:

Item	Outstanding	Unit price	Total value	Description
Mural	0.7	$2,000	$1,400	$100 lots - support for mural collaboration with indigenous artist
House banners	3	$100	$300	Goodes, Stosur & Hughes outstanding
Light box	1	$285	$285	For use in a variety of art applications
Tripods	2	$60	$120	For use by the Film Club in making their own films
World Map	1	$100	$100	Large laminated wall maps - teaching aids for history, geography & languages
Gardening tools	2	$40	$80	Range of tools and seeds for the Environment Committee project
Netball uniforms	3	$25	$75	Set of uniforms for netball team
Percussion items	1	$50	$50	Range of instruments for use by Percussion Ensemble & Concert Band

If you would like to sponsor an item, please get in touch with Elyse Sainty at president@cammeraygalpandc.org.au.

Reminder: Second Hand Uniforms

If your child has outgrown uniform items, please consider donating them to our small but growing second hand uniform pool. A clearly marked box has been placed in the office to collect items.

It is also worth noting that lost property is kept in the office area: at last count there were 16 Cammeraygal caps plus a wide range of other clothing items looking for their owner.

Social Committee Update

Parent Child social event – more info to come

The first parent/child social will be held soon – we're just in the planning stages – so please look out for more information to come.

Election Day

There will be a cake stall and BBQ to raise money on Election Day at the school. There is a possibility the election will be held in the near future, please consider putting it in your calendar as a day to bake goodies for us to sell. Cammeraygal High School will be a polling location so it's a great opportunity for us to raise some money.

Fundraising for Cammeraygal

Do you work somewhere that could offer a donation or provide a benefit to our school community in some way? Please email prisivan7467@gmail.com if you can arrange services or donations for our amazing school.

Are you gifted at engaging local business to consider sponsorship, or organising other fundraising opportunities? If this is you we need you! We are a brand new local high school and engaging our local businesses to provide donations would be a fantastic way to not only raise money but to build our local community.

If you wish to help out in any way with any of these three initiatives, please email Priscilla directly - prisivan7467@gmail.com

Cammeraygal Contacts

The P&C recognises the importance of connecting our community and has offered to help collect and distribute contact details to those that would like to participate. Thanks to the 110 families who have already entered their details. If you would like to be included, please click on the link below to fill out your details. It only takes one minute.

https://goo.gl/5Y3d2m

We will be compiling the information over the next week and hope to e-distribute the phone book the week after.

Sports Committee Update

Extra-curricular sport is run by the P&C sports sub-committee and occurs outside of school hours. Training is usually before or after school and competitions or matches may take place after school or on weekends. It is separate to school sport.

NSBA Cammeraygal Holiday Camps

Over the school holidays the P&C sports committee ran a couple of basketball camps and a futsal camp. The students were really excited to have Jeremie Hill who plays for the Sydney Kings turn up to take the session.

Tennis

We still have a few places available in the tennis squads. Tennis squads take place before and after school on the following days:

Tuesday 7.30 – 8.30am Friday 4.00 – 5.00pm

The cost of each squad is $154 for 7 lessons. We require a minimum of 6 players for a session to go ahead.

Please note the P&C run tennis program is different to any tennis programs being run by the school during the school day.

sports@cammeraygalpandc.org.au

Website: http://www.cammeraygal-h.schools.nsw.edu.au/opportunities-for-all/extra-curricular-sport

The P&C sports committee is run by parent volunteers. If you would like to be involved please contact us!

Wanted: Year 7 and 8 Girls to play Water Polo

North Sydney Girls High School are urgently looking for more Year 7 or Year 8 girls from Cammeraygal to join their Girls Intermediate Water Polo team.

The season runs from May to the end of July. The cost is $90 and includes coaching and swimwear for the season.

Training takes place at North Sydney Olympic Pool on Tuesday mornings from 7.30-8.15 am and games will be on a Monday night at Warringah Aquatic Centre, Frenchs Forest commencing 2nd May, 2016.

If you have a daughter who would be interested in joining our team please contact Ms Kim Hurley on kimhurley88@gmail.com as soon as possible.

No previous experience is required, just a willingness to come along, have a go and be part of a fun team.

Music Committee Update

Looking for Recommendations for Music Tutors

If you know of a reputable tutor would please let us know by emailing music@cammeraygalpandc.org.au. Specifically we are in search of:

- guitar (tutor who can teach both contemporary and also classical)
- trombone
- trumpet
- flute
- clarinet/saxophone

We are looking for either in home tutoring (at the student's home) or willing to come to school before school and tutor a few students in a row. It would be especially great if the come-to-school teacher could teach multiple instruments (e.g. both clarinet and sax).

Music Ensembles Now Taking Requests!

The music ensembles will consider requests for songs! If you wish to sponsor a song, please contact music@cammeraygalpandc.org.au.

Community Notices

For more information, please see www.abs.gov.au/careers and http://www.abs.gov.au/census
